

WELLBEING,
ENGINEERED
AND DELIVERED

Saint-Gobain designs and delivers innovative and high performance solutions that improve our living spaces and our daily lives. These solutions make living spaces more efficient in terms of their energy consumption, and in turn help contribute to saving the planet. With over 355 years of expertise in bringing impeccable building materials to discerning customers, starting with Mirrors, for the Palace of Versailles (Paris) in 1665, Saint-Gobain today is providing Wellbeing in Living Spaces to its customers, engineered for Comfort and Sustainability, through its state-of-the-art Products and Solutions.

In India since 1998, Saint-Gobain has become a very familiar and preferred brand within a very short span of time through its Clear Glass and Mirrors - The Clearest in India. Today, Saint-Gobain is a leader in Value-Added Glass Solutions, Ceilings, Plasters, Water Proofing Solutions, Innovative Wall Coverings, Roofing Solutions, Block Adhesives, among others. In short, a key solutions provider for Home Construction.

CONCEPTS | CUSTOM DESIGN | INSTALLATION

Saint-Gobain brings to you a bouquet of its home solutions under MyHome – a service that helps you with ideas for your home, customise them to suit your preferences and also have them installed through professional installers. Be it a designer ceiling that you crave for your living room or a very functional glass shower cubicle for your bathroom. Or, smooth sliding glass wardrobe shutters for your bedroom to classy glass kitchen shutters.

From smart roofing solutions to energy efficient windows. Innovative wall coverings for your favourite wall to the must-have glass writing board for your study and not to forget the robust tile fixing and waterproofing interventions across your home. MyHome offers you all of these and more.

In short, all that you get with Myhome is
pure Wellbeing, Engineered and Delivered.
